

FLAT BLACK

CHARACTERISTICS

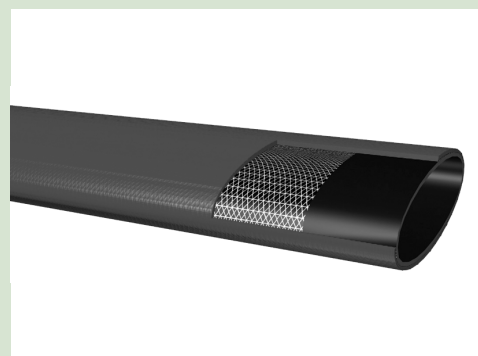

Black flat rubber hose with textile reinforcement. Easy to handle, transport and roll up thanks to its great flexibility. It has excellent resistance to abrasion, oils and various chemicals.

APPLICATIONS

A very useful hose for industry, agriculture, ships, construction and civil works. Also for compressed air applications.

TEMPERATURES

From -30°C to +90°C

Hoses for liquids

ø Interior mm	Thickness (mm)	Working pressure	Roll m	Code
20	2.1	14	60	AQ200020
25	2.1	14	60	AQ200025
32	2.1	14	60	AQ200032
38	2.1	14	60	AQ200038
45	2.1	14	60	AQ200045
