

SANY BOAT

CHARACTERISTICS

Specially flexible hose manufactured on a mandrel with a smooth interior of non-stick blue rubber, odorless and resistant to the formation of bacterial flora. The exterior is made of white rubber with a vanilla scent, resistant to aging, weathering, and seawater. It features interleaved, high-tenacity textile reinforcement and a steel spiral. It fulfills European food standards, FDA and ISO 8099:2000 par 5,6.1.10 and 6,4.

APPLICATIONS

Ideal hose for connecting drains in biological toilets and bilge pumps on recreational boats.

TEMPERATURES

From -30°C to +100°C
